

# SINK DETERGENT

**DuBois**

## *Over sink dishwashing liquid*

### DESCRIPTION:

Sink Detergent is a versatile manual dishwashing liquid developed to remove oils, greases and other hard to remove soils from dishes. A unique blend of surfactants and emulsifiers effectively encapsulate soils so they can be quickly rinsed away. It is particularly recommended for the hand washing of dishes, cutlery and glassware where an efficient but gentle low-alkaline cleaner is required.

Sink Detergent is foam stabilised combining excellent soil-wetting and degrading properties with good rinseability. This biodegradable formula and will not pollute rivers and waterways.

### KEY PROPERTIES:

- Penetrates and breaks up greasy soils quickly leaving dishes, glassware and cutlery sparkling and squeaky clean.
- Gentle on skin: Contains no harsh alkalis, abrasives, or high penetration solvents.
- Concentrated for economical use.
- Works well in soft or hard water.
