

STAINAWAY

DuBois

One Process Peroxy – Alkaline Detergent & Sanitiser

DESCRIPTION:

Stainaway is a concentrated free flowing powder which once dissolved becomes a one process solution for cleaning and sanitising. Stainaway is used to clean and removes protein stains, wine colour and organic soils from winery tanks and other surfaces (excluding internal oak barrels). It is also useful for use on the outside of tanks and concrete surfaces to remove black mould and mildew. Due to its oxidative power, it sanitises surfaces as it cleans.

KEY PROPERTIES:

- Meets food handling standards.
- Stainaway does not contain genetically modified organisms.
- Stainaway does not contain allergens.

TECHNICAL DATA:

TEST	RESULT
Appearance	White free-flowing powder
Odour	N/A
pH (1% solution)	>11
Phosphates	NIL

RECOMMENDED USE:

Stainaway is used for all CIP & SIP cleaning at 0.5-1.5kg/100L (0.5%-1.5% w/v) concentration with water at 40-50°C.

An increase in water temperature is an increase cleaning effectiveness. i.e. the hotter the water the less time needed to clean – up to 80°C if available.

SAFE HANDLING & STORAGE CONDITIONS:

Before handling, the Safety Data Sheet (SDS) should be read and understood by all personnel in contact with this product. Keep away from extreme temperatures.

DISPOSAL:

Any disposal of this product should follow all federal, state, and local regulations. Please refer to the Safety Data Sheet (SDS) for instructions regarding proper disposal of this product.

PRECAUTIONS:

KEEP OUT OF THE REACH OF CHILDREN.

Please refer to the label and Safety Data Sheet (SDS) for all warnings, recommendations for safety equipment, and other regulatory information. Copies of the SDS can be ordered by calling +61 3 9768 3860.
